

Aerial Platform Lift Certification

OSHA requires employees using aerial lifts of all types, including Powered Platforms, Manlifts, and Vehicle-Mounted Work Platforms to be trained and evaluated **1910. 66(i)(1)(ii)**. This course will provide the required classroom and hands-on operation to comply with OSHA. Upon successful completion, each student will receive an operator's workbook, and a certificate of completion operator's card.

Topics Include:

- ANSI / SIA Standards
- Safety Rules and Equipment
- Pre-op inspection
- Hands on operation and driving
- *And much more!*

All registrations must be received at least 5 days prior to the course

Date: Friday, February 19, 2010
