ABC-NJ Endorses President Donald J. Trump For Re-Election

Mount Laurel, NJ-Associated Builders and Contractors is proud to announce its endorsement of President Donald J. Trump for reelection. In a [letter to the president](#), ABC President and CEO Michael D. Bellaman and ABC 2020 National Chair, Tim Keating, owner and president of R. C. Stevens Construction Co., Winter Garden, Florida, said:

'Your continued support for fair and open competition, job creation, small businesses and expanded workforce development initiatives during your first term in office has helped ABC members grow their businesses, upskill their workforce and create career-enhancing jobs.

'In addition, your promise to veto the Protecting the Right to Organize (PRO) Act, legislation that will overturn freedom of choice in all existing right-to-work states, take away a worker's right to a secret ballot and eliminate the ability for workers to pursue independent contracting opportunities assures us you will protect the merit shop construction industry and small businesses, which are the backbone of our economy.

'ABC looks forward to continuing our work with your administration on the issues critical to our industry, including establishing fair and open competition and creating the conditions for every individual to be safe and healthy and achieve their career dreams in the construction industry and the communities in which they live and work.'

ABC New Jersey Chapter President, Sam Fiocchi weighed into the news of the ABC National endorsement by offering his strong support.

"In the state of New Jersey, ABC is **over 800 members** strong and continuing to grow rapidly. Merit-shop contractors employ in excess of **over 450,000 workers** in the state and are responsible for **over \$36 billion** in New Jersey construction. ABC-NJ is committed to workforce development through our registered apprenticeship program and in all areas of education and training. It is essential that our members have an equal playing field and that their businesses are able to thrive. We face unique challenges here in New Jersey, as legislators are routinely faced with unfair, anti merit-shop legislation. Our ABC-NJ team fights for our members day in and day out and on a federal level, President Trump has consistently supported our members and our initiatives, for which we are thankful."
