

2026 ABC New Jersey Excellence in Construction Awards Project Intent to Compete

The Excellence in Construction Awards recognize the outstanding projects, craftsmanship, innovation, safety, and leadership that are shaping the construction industry by New Jersey contractors. By submitting an Intent to Compete form, you are notifying ABC New Jersey of your interest in entering a project for consideration and taking the first step toward showcasing your team's achievements at one of the industry's premier awards programs.

We encourage companies to submit multiple projects, as each qualifying project provides an additional opportunity to showcase your team's excellence and be recognized among the industry's best. Project of the Year winners will be eligible to submit for an ABC National Award as well.

**Upon submission of your intent to compete form, ABC-NJ will invoice you accordingly. Each entry is \$150 per project.*
